SETTING UP OF AN ALUMINIUM FACTORY IN THE STATE

* *Q.*—340. Sri G. SIVAPPA (Chitradurga).—

Will the Government be pleased to state:—

(*a*) whether they intend to set up an Aluminium Factory in the State ;

(*b*) if so, at what place ?

A.—Sri B. D. JATTI (Chief Minister).—

(*a*) Proposals have been received from the private sector to establish an aluminium industry in the State in the private sector.

(*b*) Not yet decided.

Sri G. SIVAPPA.— May I know the exact place where they have proposed the site.

† Sri B. D. JATTI.—Sir, the exact place has not been mentioned; but, it is in the North Canara district roughly.

Sri M. C. NARASIMHAN.—May I know from which company proposals are got?

Sri B. D. JATTI.—From Messrs. National Trading House, Dharwar; (2) Mr. Ligate; Power and Planning Advisor, Indian Aluminium Co., Calcutta; (3) Messrs. Reynalds International Bureau.

Sri V. P. DEENADAYALU NAIDU.—What is the quantum of power required for this Factory?

Sri B. D. JATTI.— Sir, it depends upon the size of the Plant.

Sri V. P. DEENADAYALU NAIDU.—To begin with, that is the quantum of power that is expected to be consumed by this Factory

Sri B. D. JATTI.—So far, they have not supplied all these details. They are only enquiring about the rate of electricity which is to be supplied by the Mysore Government.

Sri V. P. DEENADAYALU NAIDU.—Is it a fact that the major port of the power produced at Sharavathi will be consumed by the factory alone and there would be no power left to the other Factories?

Sri B. D. JATTI.—It is not correct. If the proposal sent by Reynalds is to be ultimately approved and accepted, perhaps they may require electricity which is produced by one Unit.

Sri C. K. RAJAIAH SHETTY.—Is it not a fact that one of them said that they would generate power from Kalinadi?

Sri B. D. JATTI.—Not Kalinadi but Bettade and Tatri.

Sri C. K. RAJAIAH SHETTY.—Have Government accepted that?

Sri B. D. JATTI.—Surveys are to be made and only doing all this, we have to consider. We are taking a decision very early.

Sri C. J. MUCKANNAPPA.—May I know when a decision would be taken on this and the money that the State Government would have to invest in the said aluminium plant?

Sri B. D. JATTI.—As I have already said, the whole thing is in the stage of infancy. If we are to take into account the proposals put forward by Reynolds, the total amount the company would invest is somewhere between 75 and 80 crores and the Government of Mysore will have to invest 75 lakhs to one crore of rupees.

Sri G. SIVAPPA.—May I know when the proposals would be finalised?

Sri B. D. JATTI.—Reynolds are trying to get a licence from the Government of India. They will have to satisfy the conditions laid down by the Government of India on various matters. Then they will come to us.
